Premium Quality: Universal Design, Unique Technology and Ecology

The KX-TG8423 includes 3 Handsets, 1 Base Unit with integrated Charger and 2 separate Chargers.

Thanks to its Universal Design, Unique Technology and Ecology its a perfect phone for a Home Office or for busy Home life.

The integrated Digital Answering System automatically answers and takes messages from the caller when nobody is home.

The large, 2.0-inch screen is easy-to-read, and the GUI-like icon based menu screen lets you access functions without confusion. Items on the menu screen can be enlarged for more easy viewing. You can also choose from 3 attractive Wallpaper patterns to suit your taste and room decor. The illuminated keypad and display also simplifies operation in the dark.

The hands-free speakerphone or a connected optional headset lets you talk on the phone even when you're busy cooking, using your PC, or

doing just about anything. It's also handy for taking notes, typing, etc. For easy dialing you can store up to 200 names and numbers in the built-in-memory. You can know who is calling before you answer if you have subscribed the Caller ID service by your local telephone company: The LCD displays caller's name (requires registration in phonebook) and number.

Other features: GAP compatible, Voice Enhancer, Call Restriction, 10 Redial Memory, Auto Redial, 10 Polyphonic Ringer Melodies, Any Key Answer, Clock, Alarm, Handset Locator, Ringer / Charger Indicator, Belt-Clip included
